Woburn, Mass.	100

METALLIC CIRCUIT RATES In Effect July 10, 1890. SUBJECT TO CHANGE WITHOUT NOTICE.

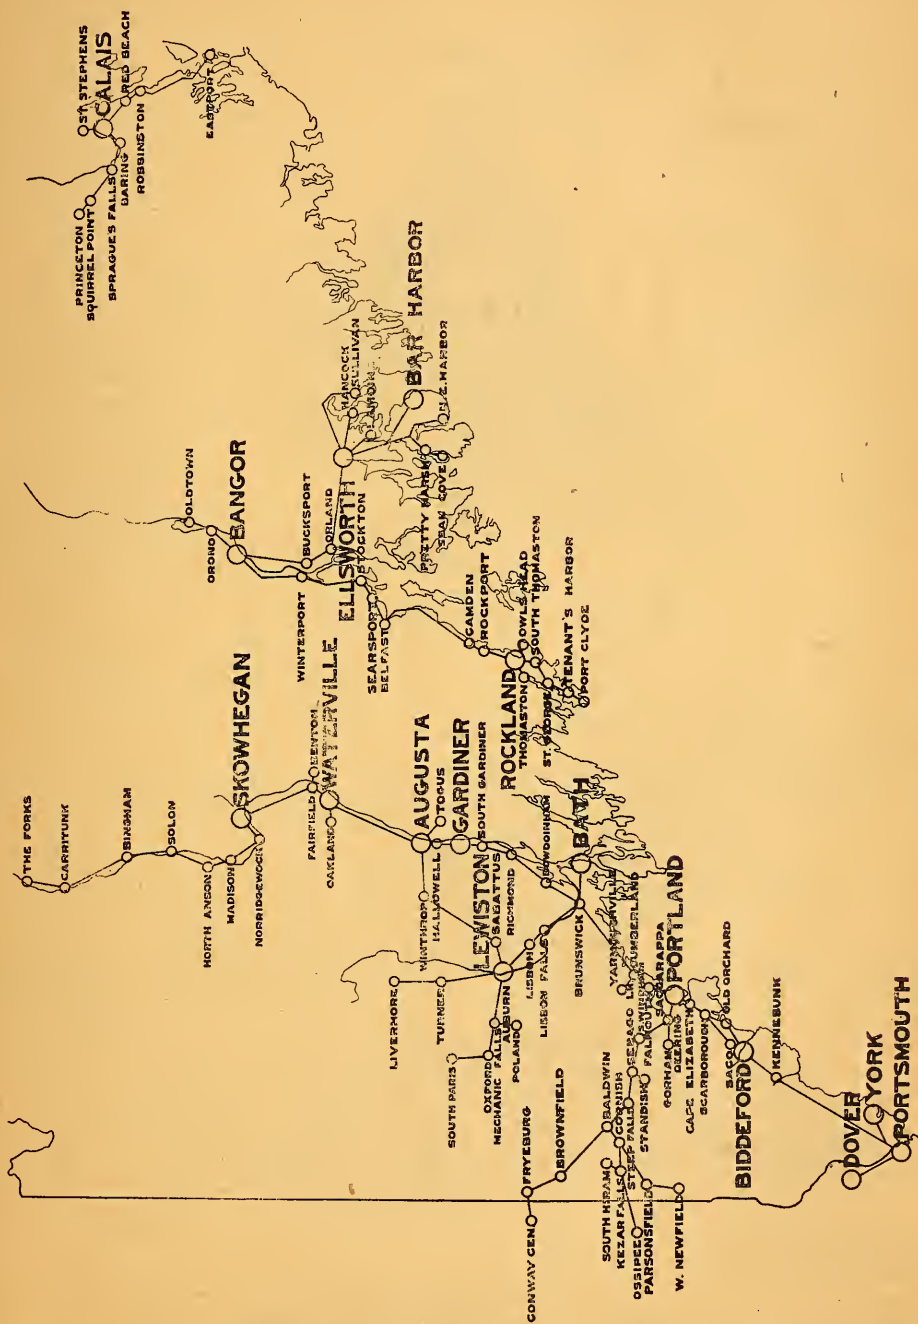

1. The tariff named herein is for a continuous conversation of not more than five (5) minutes. For each additional five minutes, or fraction thereof, in the continuance of the first five minutes, ONE HALF the regular rate will be charged.
2. Regular rates will be charged on all long distance calls for business or extra-territorial business, on all long distance calls for business done from any station in one month—the two classes of business to be added together before making discount; the discount to be computed only upon the excess over ten dollars. In computing the business of each station will be considered separately.
3. The regular tariff will be charged on all communication is established with the station called for, whether the person wanted is present or not.
4. The tariff from any station forming a part of an exchange as named in exchange, will be the same as from the Central office of such exchange.
5. Messages can be sent "collect" if satisfactory to the receiver. Managers will satisfy themselves that the person receiving a "collect" message understands that it is to be charged to him, and will then accept and check the message as if sent from receiving end.

This Schedule supersedes all Metallic Circuit Rates heretofore made.

Boston, Mass.	36100	Burlington, Vt.	100	Worcester, Mass.	100
Adams, Mass.	100	Burlington, Vt.	100	Worcester, Mass.	100

SECTION I.

New England Telephone and Telegraph Company.

OFFICIAL LIST

OF SUBSCRIBERS OF THE

BOSTON DIVISION.

New England Telephone and Telegraph Company.

BOSTON DIVISION.

GEO. ALBREE, Superintendent.

TELEPHONE BOSTON 249.

Includes Boston and Suburban Divisions with Exchanges.

ARLINGTON.	DORCHESTER.	NEWTON.
BROOKLINE.	EAST BOSTON.	QUINCY.
BRIGHTON.	HYDE PARK.	ROXBURY.
CAMBRIDGE.	JAMAICA PLAIN.	SOMERVILLE.
CANTON.	MALDEN.	WALTHAM.
CHARLESTOWN.	MEDFORD.	WEST NEWTON.
CHELSEA.	MILTON.	WOBURN.

For Boston and Suburban Exchanges.

Instructions and Important Suggestions.

DESTROY ALL PREVIOUS LISTS.

THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY ASSUMES NO LIABILITY WHATEVER FOR DAMAGES ACCRUING FROM ERRORS OR OMISSIONS IN THE MAKING UP AND PRINTING OF THIS BOOK.

CALLING.

When the office is called, the operator will say, "What number?" naming her Exchange.

You will then give the number wanted, the operator will at once repeat the number. If the line is in use, the operator will answer "Line busy." If the line is not in use, the operator will say "Line connected." For example, a subscriber calls for 266. The operator repeats "266." If the line is found in use, she will say "Line busy." Otherwise she will make the connection and say, "Line connected," and the way is open for conversation. If the station connected fails to answer within 30 seconds, hang the telephone on the hook and give one sharp ring. The operator will inquire, "Finished?" Upon being informed that communication has not been established, the operator will then ring a second time.

After your conversation is finished hang up the telephone and give one short ring, as this clears the line for another call. Uniformity of method saves time for everyone.

For Suburban and Branch Office Subscribers Calling for Boston, Tremont or Other Suburban Stations.

Such subscribers should give, in the first instance, the name of Exchange and number wanted.

When calling for offices beyond the limits of the Suburban Exchanges, give to the operator first answering your call, your telephone number and the name of the Exchange desired. Your line will then be connected on the "toll table" and the operator will say "toll line?" Give in reply your number and name, and the name of party desired.

Give the operator the figures of the number you call for separately, as: "1-3-1-5," instead of "thirteen hundred and fifteen."

ANSWERING.

Answer promptly when you are called, as this is essential to good service. *By so doing you will save time for your correspondent and for other subscribers.*

IN GENERAL.

Never leave the telephone till you have finished, as the operator will disconnect if she finds no one using it. Hold the telephone firmly to the ear. Speak in an ordinary tone of voice as close to the transmitter as possible. Always return the telephone to its proper place after using it, otherwise the Central Office cannot call you, and your battery will be speedily exhausted, so that you cannot talk through your transmitter.

We ask and expect courteous treatment for our operators, who are forbidden to directly receive any complaints from our subscribers, because all their time should be taken up in making connections.

All persons, whether subscribers or not, must pay for use of telephone at public stations.

The use of the telephone is limited to the subscriber, his family, or employee in his interest. Subscribers have not the right to allow its use by other parties. Instruments may be removed if this condition of the lease is disregarded.

Subscribers are requested to refer those desiring the use of the telephone to the nearest PUBLIC STATION.

Subscribers of the Boston and Tremont Exchanges are connected with the Suburban subscribers without extra charge. Suburban subscribers pay an extra charge of ten cents for each connection with the Boston or Tremont Exchanges, unless their contracts are for full Exchange service.

Subscribers wishing telephones removed are expected to give thirty days' notice in **writing**, in accordance with their contracts.

Cost of moving instrument will in all cases be charged to the subscriber.

NOTICE — Thunder showers are more or less frequent during the summer months. During showers calls will not be answered.

DELIVERY OF MESSAGES.

The NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY assumes no responsibility for the delivery of messages by messengers beyond the amount paid by the sender for such message. Subscribers can send a fifteen-word message (one cent for each additional word) to a non-subscriber for twenty-five cents, and receive an answer without additional charge, when such message is to go within a half-mile of the delivery office. Outside of this limit the additional charge will be the regular tariff charges of District Messenger service. This applies only to offices of the Boston Exchange of the NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY. The Lynn rate is twenty-five cents for a fifteen-word message, and two cents for each additional word and Messenger Service.

Subscribers desiring messenger service will receive prompt attention by calling either of the following companies: Boston District Messenger Co., Boston, *2497, office, 234 Devonshire street; Tremont, *646, office, 289 Tremont street; Tremont, *633, office, basement Hotel Victoria; Mutual District Messenger Co., Boston, *418, basement Old State House; Tremont, 100, Hotel Brunswick, Boylston street; Tremont, 969, 12 West Canton street.

This Company furnishes its facilities for personal communication between parties. Repetition or assistance by the operator will be permitted only when necessary to facilitate business, and then only upon the request of the party communicating, and upon the distinct understanding that the Company assumes no responsibility for error.

IT MAY BECOME NECESSARY TO CHANGE NUMBERS.

Subscribers should bear this in mind when having printing done, and it is suggested that the words "Connected by telephone" be used in advertising instead of the number. If, however, the number is used, the name of the exchange should always precede it.

COMPLAINTS.

Owing to the extreme sensitiveness of the telephone to many disturbing causes, even with the exercise of great care on the part of the Company's employees the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are **EARNESTLY REQUESTED TO REPORT** at once, to the Exchange Manager or by letter to the Division Superintendent any failure to obtain prompt attention and efficient service.

In case of ordinary troubles, subscribers should first give notice to the manager of the local office, and, if the trouble is not quickly remedied notify the Superintendent, telephone, "Boston, 256," who requests that he be informed of any apparent neglect on the part of any of the local offices.

The morning test call is made for the purpose of ascertaining whether any of the subscribers' lines or instruments are not in working order, and require immediate attention. It is an obvious and valuable means for ensuring good service. Subscribers who object to answering this call and require its discontinuance are requested to give notice accordingly and the test call upon their especial lines will no longer be made.

Our inspectors often find that trouble which subscribers have in being heard is caused by the use of various forms of mouth-pieces, attachments which are being sold to telephone users under different names.

Subscribers are asked to decline the use of all apparatus in connection with the telephones other than that furnished by the Company under contract.

To insure prompt connections, subscribers are requested to use the latest issue of our list, as it frequently becomes necessary (on account of removals) to change numbers, although every effort will be made to retain them.

TOLL LINE CONNECTIONS.

For rates to all principal points in New England and discount on toll, and extra-territorial business, see Tariff Sheet, page A.

All Toll Line Connections are charged to the subscriber from whose instrument they originate.

Subscribers are responsible for all Toll Connections made from their respective stations, and the Company will insist upon payment of charges so incurred.

The regular tariff rate will be collected when communication is established with the station called for, whether the person wanted is present or not.

Answers will be charged for unless given at the time the question is asked.

Whenever from any cause the subscriber thinks a charge should not be made, the facts must be reported to the manager within twenty-four hours, or no rebate can be made.

Bills for Toll Line Service will be presented monthly for payment, and parties who do not pay their bills promptly will be refused the use of Toll Lines.

TELEGRAMS BY TELEPHONE.

The Telephone Company permits the use of instruments and wires for placing subscribers in communication with the offices of the Western Union Telegraph Company for the purpose of sending despatches.

The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages.

If subscribers desire to send telegrams by telephone, they must first arrange with the Western Union Telegraph Company by personal application at the Company's offices for the reception and transmission of their telegrams and payment of the charges.

Messages received by the Telegraph Company, addressed to subscribers of the Telephone Company, can be transmitted to such subscribers within the Exchange from the telephones placed in the Telegraph Company's offices, without additional charge to the subscriber. But the Telephone Company assumes no responsibility for the correct transmission of messages, and does not collect the telegraph charges.

If subscribers desire that telegraph messages addressed to them be delivered by telephone, they should make application to the Telegraph Company for such delivery.

EMERGENCIES.

In case of sickness, fire or other serious emergency, it is the wish of the Company that the person in charge of its offices shall extend such assistance to its subscribers in the way of summoning assistance or obtaining information as they can, consistently with the performance of their regular duties. But it is understood that such services are given only as an accommodation to the subscriber, for which the Company cannot assume a new responsibility of any nature.

Yearly Rates for Full Exchange Service—Metallic Circuits.

** Before a Subscriber's number indicate a Metallic Circuit with a Long Distance Transmitter.

In 125 Milk Street Office Only.

NOTE—An extra charge is made for a line over one mile long.

SHORT TIME RATES.

Arrangements may be made for service for terms less than one year, as follows:

For three months at one-half the annual rates, for six months at three-fourths of the annual rates.

Transfer of instruments will be made, if desired, once annually from one Exchange to another for a portion of the year at highest rate.

A residence subscriber, whose contract for one year has expired, who shall request disconnection of his instrument on account of absence from his house, will be allowed a rebate of rental of 50 per cent. for the period of such absence, not however to exceed five months in any year.

Payment of rental, as the same becomes due, will be required during absence.

PRIVATE LINE DEPARTMENT.

Under Manager of Boston Exchange.

This department is organized for the purpose of constructing and maintaining private lines and leasing telephones and lines to parties desiring to connect two or more places, each with the other, without passing through the Central Office Exchange. Also, for introducing the telephone for "Speaking Tube" purposes into hotels and other buildings, by which means each room may be connected with the office or janitor, and with every other room in the building.

Persons desiring to communicate with this department will please call for telephone, Boston, 237.

ACCEPTED.

New England Telephone and Telegraph Co.

SPECIAL NOTICE.

Employees of the Boston Division are in uniform and are furnished with a badge, oval shape, and bearing the name of the New England Telephone and Telegraph Company, together with the number of the employe.

Subscribers are requested not to allow interference with their telephone instruments or access to their premises, unless the badge can be shown.

A subscriber's name printed in capitals refers to advertisement in the back of the Directory.

News of Expected Arrival of Ocean Steamships in Boston.

By arrangement with the Boston Office of the Cunard Steamship Co. (limited) information received by it of the arrival of its ocean steamships off Boston Harbor, will be immediately communicated to the chief operator of the Milk Street, Boston, Exchange.

Subscribers desiring to receive notice of this news should previously call "Boston number 231."

The New England Telephone and Telegraph Company assumes no liability for failure or mistake in transmission of news, but the management of its Boston Exchange will use its best endeavors to promulgate information as above referred to.

NON-SUBSCRIBERS.

Persons who are not Exchange subscribers can use the telephones at the offices or public stations at a cost of fifteen cents for each conversation of five minutes with any subscriber of the Boston Exchange or Suburban Division, and regular rates to other points.

For the accommodation of non-subscribers and the public generally, the Company has established public telephone stations in different parts of the city.

SECTION II.

New England Telephone and Telegraph Company.

OFFICIAL LIST

Of Subscribers Outside of Boston Division.

For Offices Outside of Boston and Suburban Exchanges.

Instructions and Important Suggestions.

DESTROY ALL PREVIOUS LISTS.

THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY ASSUMES NO LIABILITY WHATEVER FOR DAMAGES ACCRUING FROM ERRORS OR OMISSIONS IN THE MAKING UP AND PRINTING OF THIS BOOK.

CALLING.

When the office is called, the operator will say, "What number?" naming her exchange.

You will then give the number wanted, the operator will at once repeat the number.

If the line is in use, the operator will answer, "Line busy." If the line is not in use, the operator will say, "Line connected." For example: A subscriber calls for 75-2. The operator repeats "75-2." If the line is found in use, she will say, "Line busy." Otherwise she will make the connection and say, "Line connected," and the way is open for conversation. If the station connected fails to answer within 30 seconds, hang the telephone on the hook and give one sharp ring. The operator will inquire "Finished?" Upon being informed that communication has not been established, the operator will then ring a second time.

After your conversation is finished hang up the telephone and give one short ring, as this clears the line for another call. Uniformity of method saves time for everyone.

When calling for offices beyond the limits of the local exchange, give to the operator answering your call your telephone number and name, and the exchange, number and name of place desired.

ANSWERING.

Answer promptly when you are called, as this is essential to good service. By so doing you will save time for your correspondent and for other subscribers.

INSTRUCTIONS AND IMPORTANT SUGGESTIONS.

IN GENERAL.

Never leave the telephone till you have finished, as the operator will disconnect if she finds no one using it. Hold the telephone firmly to the ear. Speak in an ordinary tone of voice as close to the transmitter as possible. Always return the telephone to its proper place after using it, otherwise the Central Office cannot call you, and your battery will be speedily exhausted, so that you cannot talk through your transmitter.

All persons, whether subscribers or not, must pay for use of telephones at public stations.

The use of the telephone is limited to the subscriber, his family, or employee in his interest. Subscribers have not the right to allow its use by other parties. Instruments may be removed if this condition of the lease is disregarded.

Subscribers are requested to refer those desiring the use of the telephone to the nearest PUBLIC STATION.

Subscribers wishing telephones removed are expected to give thirty days' notice in *writing* in accordance with their contracts.

Cost of moving instrument will in all cases be charged to the subscriber.

NOTICE—Thunder showers are more or less frequent during the summer months. During showers calls will not be answered.

DELIVERY OF MESSAGES.

The NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY assumes no responsibility for the delivery of messages by messengers beyond the amount paid by the sender for such message.

This Company furnishes its facilities for personal communication between parties. Repetition or assistance by the operator will be permitted only when necessary to facilitate business, and then only upon request of the party communicating and upon the distinct understanding that the Company assumes no responsibility for error.

IT MAY BECOME NECESSARY TO CHANGE NUMBERS.

Subscribers should bear this in mind when having printing done, and it is suggested that the words "Connected by Telephone" be used in advertising instead of the number. If, however, the number is used, the NAME of the exchange should always precede it.

COMPLAINTS.

Owing to the extreme sensitiveness of the telephone to many disturbing causes, even with the exercise of great care on the part of the Company's employees, the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are EARNESTLY REQUESTED TO REPORT at once to the exchange manager or by letter to the division superintendent any failure to obtain prompt attention and efficient service.

Our inspectors often find that trouble which subscribers have in being heard is caused by the use of various forms of mouth pieces, attachments which are being sold to telephone users under different names.

Subscribers are asked to decline the use of all apparatus in connection with the telephone other than that furnished by the Company under contract.

To insure prompt connections, subscribers are requested to use the latest issue of our list, as it frequently becomes necessary (on account of removals) to change numbers, although every effort will be made to retain them.

TOLL LINE CONNECTIONS.

For rates to all principal points in New England and discount on Toll and Extra-territorial business, see Tariff Sheet, page A.

All Toll line connections are charged to the subscriber from whose instrument they originate.

Subscribers are responsible for all toll connections made from their respective stations, and the Company will insist upon payment of charges so incurred.

The regular tariff rate will be collected when communication is established with the station called for, whether the person wanted is present or not.

Answers will be charged for unless given at the time the question is asked.

Whenever from any cause the subscriber thinks a charge should not be made, the facts must be reported to the manager within twenty-four hours or no rebate can be made.

Bills for toll line service will be presented monthly for payment, and parties who do not pay their bills promptly will be refused the use of toll lines.

TELEGRAMS BY TELEPHONE.

The Telephone Company permits the use of instruments and wires for placing subscribers in communication with the offices of the Western Union Telegraph Company for the purpose of sending despatches.

The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages.

If subscribers desire to send telegrams by telephone, they must first arrange with the Western Union Telegraph Company, by personal application at the Company's offices, for the reception and transmission of their telegrams and payment of the charges.

Messages received by the Telegraph Company addressed to subscribers of the Telephone Company, can be transmitted to such subscribers within the exchange from the telephones placed in the Telegraph Company's offices, without additional charge to the subscriber. But the Telephone Company assumes no responsibility for the correct transmission of messages and does not collect the telegraph charges.

If subscribers desire that telegraph messages addressed to them be delivered by telephone, they should make application to the Telegraph Company for such delivery.

EMERGENCIES.

In case of sickness, fire, or other serious emergency, it is the wish of the Company that the persons in charge of its offices shall extend such assistance to its subscribers in the way of summoning assistance or obtaining information as they can, consistently with the performance of their regular duties. But it is understood that such services are given only as an accommodation to the subscriber, for which the Company cannot assume a new responsibility of any nature.

Yearly Rates for Full Exchange Service.

METALLIC CIRCUITS.

** Before a subscriber's number indicate a Metallic Circuit with a Long Distance Transmitter.
 * Before a subscriber's number indicates a Metallic Circuit with Granular Button.

For Exchanges of 20,000 Inhabitants and Upwards, not including Boston
 and Suburban Exchanges.

HANG UP THE TELEPHONE LARGE END DOWNWARD

When the conversation has been finished, and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

For Metallic Circuit Rates to all principal points in New England, see Tariff Sheet, page A.

DURING CONVERSATION FACE SQUARELY THE FRONT OF THE TRANSMITTER
 with the lips about two inches from the opening — subscribers using Long-Distance Transmitter should place their lips close to the mouth piece in order to be heard distinctly — many subscribers are negligent about this, and get unsatisfactory service.

SUBSCRIBERS ARE RESPECTFULLY REQUESTED TO REPORT TO THE MANAGER

Any instances of incivility on the part of the operators or inspectors of instruments. While it is our aim to suppress incivility on the part of the employes, it is suggested that courtesy is equally commendable, whether practiced by the telephone employe or the subscriber.

Cost of moving instrument will, in all cases, be charged to the subscriber.

SUBSCRIBERS ARE RESPECTFULLY REQUESTED TO REPORT TO THE MANAGER

Any instances of incivility on the part of the operators or inspectors of instruments. While it is our aim to suppress incivility on the part of the employes, it is suggested that courtesy is equally commendable, whether practiced by the telephone employe or the subscriber.

CONCORD, N. H.

DURING CONVERSATION, FACE SQUARELY THE FRONT OF THE TRANSMITTER,

With the lips about two inches from the opening. Subscribers using Long Distance Transmitter should place their lips close to the mouth-piece in order to be heard distinctly. Many subscribers are negligent about this, and get unsatisfactory service.

The New England Telephone and Telegraph Company assumes no liability whatever for damages accruing from errors or omissions in the making up and printing of this book.

KEENE, N. H.

J. W. DUXBURY, Superintendent.

Telephone, Lowell, Mass., 2

IF A NON-SUBSCRIBER WISHES TO USE YOUR INSTRUMENT

please refer him to the nearest Public Station or Central Office.

HANG UP THE TELEPHONE LARGE END DOWNWARD

When the conversation has been finished and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

LYNN, MASS.

GEORGE ALBREE, Superintendent.

Telephone, Boston, Mass., 249

**Indicate Metallic Circuit and Long Distance Transmitter.

*Indicates Metallic Circuit and Granular Button.

SUBSCRIBERS ARE RESPECTFULLY REQUESTED TO REPORT TO THE MANAGER

Any instances of incivility on the part of the operators or inspectors of instruments. While it is our aim to suppress incivility on the part of the employes, it is suggested that courtesy is equally commendable, whether practiced by the telephone employe or the subscriber.

FOR METALLIC CIRCUIT RATES

To all principal points in New England, see Tariff Sheet, page A.

HANG UP THE TELEPHONE LARGE END DOWNWARD,

When the conversation has been finished and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

PORTSMOUTH, N. H.

J. W. DUXBURY. Superintendent.

Telephone, Lowell, Mass., 2.

**Indicate Metallic Circuit and Long Distance Transmitter.

*Indicates Metallic Circuit and Granular Button.

TELEPHONE FIRE ALARM.

WILLIAM O. ARNOLD, Chief Engineer

Emery B. Skinner, Jas. A. Lord, Jr., John Pollock and Arthur P Florentine, Assistant Engineers.

Notify the Central Office instantly of a fire in your neighborhood, giving the operator as nearly as possible, the location and nature of the fire. The operator will immediately notify the Fire Department.

Whenever a fire occurs, it will be a matter of courtesy for a subscriber to allow the use of his instrument to fire and police officials in the interest of their duty.

TELEPHONE FIRE ALARM, In Connection with the Springfield Exchange,

A. P. Leshure, Chief Engineer.

S. L. Wheeler, Superintendent.

The Talking Circuit of the Fire Department is a part of the Telephone Exchange; thus every station on the Exchange circuit is made a Fire Alarm Box and safeguard when needed. The Fire Department of this city have placed an alarm box in our office, by means of which alarms are to be struck upon the Fire Alarm Bells when needed.

INSTRUCTIONS.—In case of fire on your premises or in your neighborhood, signal "Central Office," by usual method, and as soon as answered, say "Fire," and then state clearly but briefly, the immediate location, by street and number, and if you choose, the room in which the fire breaks out.

LOCATION OF BOXES.

SIGNALS FOR REINFORCEMENT AFTER AN ALARM.

Two Blows for Engine No. 2. Repeat for Engine No. 1. Three Blows for Hose No. 3. Four Blows for Hose No. 4. Repeat for Engine No. 4. Five Blows for Hook and Ladder Nos. 1 and 2. Six Blows for Hose No. 6. Seven Blows for Hose No. 7. Eight Blows for Engine No. 8. Ten Blows General Alarm, calls the entire Fire Department, and the apparatus of the United States Armory.

One Blow, Fire extinguished or under control, and companies not in service dismissed.

Two Blows and repeat four rounds will be given in stormy weather at 11.30 A. M. for One Session of Schools.

The Telephone Signal is 1, 1. Companies will not go out until the location of the fire is ascertained. Companies receiving a signal will wait thirty seconds before leaving their quarters, to avoid mistaking an alarm from another box for a signal. Companies not responding to the first alarm, remain at their quarters thirty minutes, unless the signal blow for dismissal is sooner received.

A. P. LESHURE, Chief Engineer.
S. L. WHEELER, Superintendent.

SUBSCRIBERS ARE RESPECTFULLY REQUESTED TO REPORT TO THE MANAGER

Any instances of incivility on the part of the operators or inspectors of instruments. While it is our aim to suppress incivility on the part of the employes, it is suggested that courtesy is equally commendable, whether practiced by the telephone employe or the subscriber.

DURING CONVERSATION, FACE SQUARELY THE FRONT OF THE TRANSMITTER,

With the lips about two inches from the opening. Subscribers using Long Distance Transmitter should place their lips close to the mouth-piece in order to be heard distinctly. Many subscribers are negligent about this, and get unsatisfactory service.

DURING CONVERSATION FACE SQUARELY THE FRONT OF THE TRANSMITTER,

with the lips about two inches from the opening. Subscribers using Long Distance Transmitter should place their lips close to the mouth-piece in order to be heard distinctly. Many subscribers are negligent about this, and get unsatisfactory service.

WORCESTER, MASS.

J. W. DUXBURY, Superintendent.
